

Second life for spring flowers

Give a chance to daffodils,
hyacinths, tulips, and
grape hyacinths!

Have your spring flowers bloomed and faded at home? Don't throw their bulbs away!

Bring them to the Faculty of Science April 15, 2026. Together, we'll plant them on Earth Day and transform the faculty lawns into a blooming garden!

You can drop off the bulbs in the collection boxes at:

- 📍 Reception of Building C
- 📍 Lobby of Building B

Thank you for helping to bring the bulbs back to life! ❤️
